

SPPCO SAND BEDDING "FAMILIAR SOURCE" LIST 11/06/2006

A "Familiar Source" is a source that has been laboratory tested and meets Sierra's requirements for sand bedding for Electric, Gas and Water conduit and pipe (*SUB01X* 4.1 and 4.2).

Please keep in mind that although Sierra recognizes a "Familiar Source", ultimately, the job site sand must meet the requirements of (*SUB01X* 4.1 and 4.2) and therefore, the Inspector has the right to reject material that does not conform to these guidelines.
